## Angle Master Level

**LIFETIME GUARANTEE**

Check levels of adjacent internal and external surfaces at the same time

Offers a multitude of applications when fixing doors, window frames, installing vertical or horizontal pipes, scaffolding, walls, banisters, radiators, drainpipes and gutters, fencing, installing waste-pipes with correct fall and many more applications. For stairs and angles, the vari-angle vial reads the angle of the slope easier and faster.

- Heavy-duty aluminum construction with unique vial window design optimizes strength and visibility
- When placing levels together at 90°, you can avoid a second measurement
- Allows hands-free working in most applications

Item No.	Description
5ZG61	24" Magnetic Vari-angle Level

## Torpedo Level With Magnet

**LIFETIME GUARANTEE**

Use in leveling walls, cabinets, countertops, floors and other building applications.

- Resistant ABS plastic with magnetic strip in base
- Fitted with unbreakable all-round vials reading horizontal, vertical, and 45°

Item No.	Description
5ZG55	7-1/2" Magnetic Torpedo Level
