The Crank™

LIFETIME GUARANTEE

Designed to make working in tight spaces easier

Conventional ratchets need room to turn, and screwdrivers are often too long. This ratchet gives you two additional ways to work.

Once you position The Crank™ on the fastener, simply twisting the handle in either direction will tighten or loosen the fastener. For more speed, you can extend and fold the handle into a high performance crank, 10" length.

- Patented ratchet design
- Professional quality chrome vanadium steel
- No sweep angle required

Impact Socket Sets

Westward's tough construction withstands the roughest applications.

Warning!
Do not use chrome, black chrome or industrial finish hand tools with power drivers.

1/2" Drive Non-slip Impact Socket Sets

LIFETIME GUARANTEE

Innovative design prevents fastener rounding

Sockets will not damage the nut or bolt as many other standard designs can. Slightly rounded bolt heads are not a problem. High quality design and construction for the professional automotive or maintenance user.

- Works on fasteners that are up to 75% rounded off
- Chrome-molybdenum steel construction will withstand the toughest applications
- Meets Federal and ANSI specifications
- Sturdy blow-mold case included
